

Electoral Division

Representing Candidate	
Appointment for Poll Number(s)	Polling Place

- As a candidate,
 or an official agent on behalf of the candidate,
 in the current provincial election for the above electoral division, I appoint the following person who is at least 18 years of age

Name	Address
------	---------

to act as a scrutineer representing the candidate as named above, at the poll(s) listed above in this electoral division.

Date	Signature of Candidate or Official Agent
------	--

NOTE: Up to two scrutineers per candidate may be present at the poll.

Instructions for Scrutineers

A SCRUTINEER MUST:

- Bring this form signed by the candidate or official agent and show it to the Voting Officer at each poll at which they attend.
- Swear or affirm an Oath of Secrecy in the oath book at the polls they attend to.
- Preserve the secrecy of voting and not interfere with voting.

A SCRUTINEER MAY:

- Enter and remain in the polling place: during voting hours; 15 minutes before the polls are open; and after the polls close until the counting of the votes at the poll is completed.
- If present before the opening of the poll, require the ballots to be counted and inspect the ballots, ballot box, vote counting machine and all other documents relating to the poll.
- Wear a badge or ribbon which by colour alone indicates the candidate for whom they are a scrutineer but may not otherwise wear or do anything that may identify the candidate or political party they represent.
- At the convenience of the voting officer, examine the voting book and be provided with information as to who has voted at intervals and manner set by the CEO.
- Accompany the voting officer when moving voting materials for curbside or outside voting.
- Challenge any person if they believe the person is not to a qualified voter, has already voted, or is impersonating another voter.
- If present at the close of a poll and if there is a manual count, observe the manual count of ballots, object to any ballots and have these objections recorded in the results book.
- Observe the process for producing a paper record from a vote counting machine for the polling place.
- Sign the results book and all seals and envelopes as a witness to the closure and sealing of the poll.

A SCRUTINEER MUST NOT:

- Disrupt the proceedings of the poll in any manner except to make a challenge and request a voter take the Oath after Challenge in the oath book.
- Attempt to influence voters, interfere with voters, attempt to discover how voters voted, reveal how voters voted or intend to vote, or attempt to induce a voter to show their marked ballot.
- Argue with the Voting Officer about the operation of the poll. The voting officer's decision is final in all respects. The scrutineer may contact the candidate's headquarters or the returning officer in the event of disagreement.
- Campaign at any poll or polling place.
- Object to or examine ballots going into a vote counting machine or object to the counting of ballots by machine.
